3. The Board next discussed the case of [REDACTED]. This case had been discussed at the 10 October 1968 Board meeting and [REDACTED] request for a further deferment of his retirement from 31 August 1971 until 31 August 1972 had not been approved based on the information submitted. Due to an administrative oversight the case was forwarded to the Office of Personnel without a memorandum which had been written by the Director, Domestic Contact Service. In this memorandum which has now been received the Director, Domestic Contact Service stated that he would like to indorse [REDACTED] request for extension of his service until August 1972 on the basis of his value to DCS in his current position. He further

25X1A9a outside employment. The Board concluded that based on the entire record of  
25X1A9a his career, [REDACTED] has performed 60 months of qualifying service under  
the statute and regulation. The Board thereby recommended that [REDACTED]  
be approved for participation in the System and that his request for Volun-  
tary Retirement also be approved.

25X1A9a 6. The next case was a request from [REDACTED] for deferment of  
25X1A9a her currently scheduled retirement, 31 December 1968, until 30 April 1969.  
The basis for this request is [REDACTED] desire to complete 31 years of ser-  
vice prior to her retirement. The Director of Security, with the concurrence  
of the Deputy Director for Support, has recommended that the request be denied.  
The Director of Security stated that it is his policy to recommend favorable  
consideration of requests for postponement of retirement only when such re-  
quests are based on the most compelling of reasons and in this case the re-  
quest is simply a desire to complete another full year of Government service.  
The Board concluded that based on the information submitted in this case there  
was no justification for granting an extension on either compassionate grounds  
or a need for services basis. The Board therefore recommended that the re-  
quested extension not be approved.

25X1A9a 7. The next case was a request from [REDACTED] for defer-  
25X1A9a ment of her currently scheduled retirement, 31 March 1969, until 31 March  
1972 based on compassionate grounds. [REDACTED] stated that the payments  
on her house will not be completed for another three years and she has an  
outstanding Credit Union load which she cannot pay off prior to March 1969.  
She further stated that these debts and the continued rise in the cost of  
living would cause her a financial hardship if she were to be retired. The  
Director, Central Reference Service, with the concurrence of the Acting Deputy  
25X1A9a Director for Intelligence stated that for purposes of achieving directed man-  
power reductions and without regard for the compassionate aspects of [REDACTED]  
case, he would prefer that her retirement date not be extended. He further  
stated that the Central Reference Service is relying on attrition to reduce  
its on-board strength and whenever scheduled retirement dates are extended  
there is an increased probability that programmed manpower reductions will  
have to be postponed or achieved through other than normal attrition. In  
discussing this case the Board noted that she had submitted her request on  
2 August 1968 and it did not reach the Office of Personnel until early Octo-  
ber 1968. The Board recommended that she be granted a deferment of retire-  
ment until 30 June 1969 on the basis that a decision in her case has been  
delayed thereby providing her with a short notice of the decision in her case.  
The Board did not find sufficient justification to recommend approval of her  
request for an extension based on financial hardship.

25X1A9a 8. The last case considered by the Board was a request from [REDACTED]  
25X1A9a [REDACTED] for further deferment of his retirement until 31 January 1970 based on  
25X1A9a compassionate grounds. [REDACTED] was previously extended from January 1968  
25X1A9a and is currently scheduled to retire on 31 January 1969. [REDACTED] states  
that this additional year will enable him to complete his financial planning  
to educate his daughter, who is now 16 years of age and a junior in high  
school, and offset the expense of repairing his house to get it in good con-  
dition so that no extensive repairs will be necessary after he retires. The  
Director of Logistics stated that when he recommended that [REDACTED] retire-

ment be deferred for one year until age 63 it was with the stipulation that there was no intention to recommend a second postponement of his retirement. Therefore, the Director of Logistics, with the concurrence of the Deputy Director for Support, recommended that [REDACTED] request for an extension beyond January 1969 be disapproved. In discussing this case the Board noted that he had submitted his request on 26 July 1968 and it did not reach the Office of the Director of Personnel until October 1968. The Board recommended that he be granted a deferment of retirement until 30 June 1969 on the basis that a decision in his case has been delayed thereby providing him with a short notice of the decision in his case. The Board did not find sufficient justification to recommend approval of a further deferment of retirement based on financial hardship.
